

Host Site: Legal Aid Services of Oregon (Lincoln County Regional Office)

Project: Affordable Housing Advocate Project

Location: Newport, Oregon

Description of Fellow Project:

The Fellow will work on the beautiful Oregon Coast which has been particularly hard-hit by the affordable housing crisis. The Fellow will work throughout Lincoln County and conduct outreach to mobile home parks and resource centers for homeless community members; educate tenants about their rights; work with staff attorneys to provide legal representation in landlord-tenant cases; collect data about arrests of homeless individuals and seek to address any disproportionate impacts; and examine the constitutionality of existing and proposed ordinances targeting the homeless population.

Applicant Qualifications:

The Fellow would be advised to seek out housing as soon as a position is secured. We are willing to consider a flexible schedule in order to minimize commuting if the Fellow were unable to secure housing relatively near our office.
